

## Assessment for Group Presentations

Members of the group:.....

	Presentation Visuals	Delivery	Content Coverage	Preparedness	Group Coordination	Written or Support Information	
5	All Visuals support the material. All aspects of materials to be covered are represented.	Presenter has good voice variation and does an outstanding job in the speaking aspect of the presentation	All aspects of the subject were covered and all objectives were met effectively.	All aspects of the presentation were well prepared and presenters understood and had a complete grasp of subject.	The group was well coordinated and all members collaborated and cooperated	Material supported the goal and all aspects were covered completely.	
4	All Visuals support the material. Most aspects of the material to be covered are represented.	Presenter has generally good voice variation and has very few errors in speaking or communication.	Most aspects of the subject were covered and most of the objectives were met.	Most aspects of the presentation were well prepared. Most aspects were completely understood.	The group was well coordinated and all members collaborated and cooperated. Some slight errors in coordination or collaboration	Material supported goal and most aspects were covered	
3	Most Visuals support the material. Most of the material to be covered is represented.	Presenter has some voice variation and does attempt to communicate clearly. A few errors in communication.	Most aspects of the subject were covered, but major objectives were not met.	Most aspects of the presentation were well prepared. Some major aspects were not completely understood.	The group has small errors in coordination or collaboration that delayed the presentation	Material supported goal and some errors in presentation distracted from the topic being covered.	
2	Some Visuals support the material and only some aspects of the materials to be covered are represented.	Presenter has very few changes in voice. Some major errors in communication	Some aspects of the objectives were met, and major objectives not met.	Some aspects of the presentations were not well prepared. Some aspects were not completely understood.	The group has more than two delays or had a problem in collaboration or cooperation	Material didn't always support goal and some errors distracted from the topic.	
1	Major sources of errors or lacking of visual support but an attempt was made.	Very poor communication and they interfere with the delivery of information.	Very few aspects of subject were covered and very few objectives were not met.	Most aspects of presentation were not well prepared or not understood.	Major delays or problems in working as a group.	Material didn't support goal and had major errors.
