

The song we've listened to is quite negative and pessimistic. However, we might try to look at the bright side of things. It is not too late to react and change the situation.
We can use if-clauses to speak about future improvements:

1st conditional

- If we all try harder, we'll live better together.
- Unless people accept each other, they won't be able to live happily.
- When everyone is helpful, there will be fewer problems.

2nd conditional

- I wish everyone helped each other!
- If we were less selfish, we would all have more to share.
- Our city would be a better place if we took care of it.

HOMEWORK

Working in pairs, try to write another part to the song (3-4 lines) to express a POSITIVE MESSAGE OF HOPE for the future.

You might consider these ideas:

- increase social participation
- protect the environment
- reduce waste
- support local economy
- share our time and resources
- be kind to each other
- accept differences
- understand our mistakes
- make our neighbourhood more beautiful
